Dear FCC,

Please keep these programs on WMFE: Arthur, Dinosaur Train, Bob the Builder, the Magic School Bus, Teletubbies, PBS News Hour, Frontline, the American Experience, and Nova.

These programs benefit everyone, all ages, from every religious background. Please do NOT allow narrow-minded, opinionated religious zealots to rule our daytime television. Please keep Daystar Television Network from dominating our airways with John Hagee spewing insane nonsense that's irrelevant to the majority of television watchers!

Keep PBS educational, and keep the religious right factor out!!!

Thank you!

Sincerely,

Teresa Neumann
